

# Ignite

Your Life

*What do you really want?  
Get it within 12 months.*

## Ignite your Life is:

**Ignite Your Life** is a 12-month program that will support you in changing your life and creating the results you most want to see. It is the brainchild of two of North America's highly sought after Success Coaches, Teresa LaRocque and Kevin Lawrence, who have combined their individual experience of helping hundreds of people create the success they desire in their life. The principles in **Ignite Your Life** are proven to be the catalyst for creating whatever you desire in your life. Here are some examples of the impact **Ignite Your Life** has had:

- A Canadian personal trainer lived out his life-long dream of coaching professional baseball and the South African Olympic team.
- A team of graphic designers reduced their work week from seven days to four and maintain the same levels of revenue and profit.
- An investment advisor who had hit rock bottom in his career re-ignited his life to have his best personal and professional year ever.

## Ignite your Life will help you to:

- Snap out of the cycle you are in and start living out your life to the fullest
- Break through the real and perceived barriers that have held you back from having what you deserve in life
- Increase your income by 10, 20, 50 or 100%, work less and have much more fun with a better quality of life
- Have crystal-clear direction and the confidence that you're heading where you really want to go
- Reduce your everyday stress and anxiety, leaving more time and energy for the things you really want to do
- Stop the cycle of fire extinguishing (or treadmill running) and get excited about the positive, profitable opportunities surrounding you
- Eliminate procrastination and wheel spinning
- Hold yourself (and be held) accountable for following through on your plans
- Create a life filled with an abundance of time, money, security, resources, strong relationships and quality time with family and friends.
- Most importantly, shift from being a "lone ranger" to having the support of like-minded, success-conscious people

*Do you get frustrated  
because you are only using  
part of your potential?*

*Do you "spin your wheels,"  
knowing you could be and  
do so much more?*

*Are you walking around  
with unfulfilled dreams  
you've had for years?*

*Are you ready to get into  
action on creating the life  
you truly desire?*
